Public Works Order No: 206288

This Order supersedes Order No. 206287, which was generated internally but not issued publicly.

Notice is hereby given that the Director of Public Works will hold a remote public hearing via teleconference on Monday, April 25th, 2022, commencing at 5:30 PM to consider the following:

Removal of twenty-one (21) street trees with replacement as noted below on the 900 to 1100 blocks of Market St., between 5th to 8th Streets. This is part of Better Market Street – Phase I.

Fifteen (15) of the trees are in poor condition and do not conflict with the proposed work. Six (6) trees conflict with new infrastructure alignments and utility placement.

Project Description

Scope of Work: along Market Street from 5th Street to 8th Street; consists of sidewalk & roadway paving work, sewer & drainage work, water work, AWSS work, traffic & pedestrian signal work, overhead contact system (OCS) work, environmental work, landscape & site improvements, structural sub-sidewalk basement work, traffic routing, and all associated work. Tree removal permit application no. 789335.

As the COVID-19 virus situation evolves, please visit the Public Works website (sfpublicworks.org) regularly to be updated on the current situation as it affects public hearings and the department.

Persons unable to participate in the videoconference may submit written comments regarding the subject matter to Bureau of Urban Forestry at 49 South Van Ness Ave. Suite 1000 94103 or urbanforestry@sfdpw.org. Comments received before the hearing will be brought to the attention of the hearing officer and made a part of the official public record. Individuals who wish to speak at the hearing and who want to use materials such as PowerPoint files, documents and photo images in their presentations must send the materials to Bureau of Urban Forestry via email at urbanforestry@sfdpw.org by 5 p.m. the day before the hearing. If attendees access the webinar via a computer, they will be able to share documents themselves via the “share screen” functionality.
